SUMMARY

Software developer with proven ability to deliver production-quality code and own features end-to-end. Skilled in Java, Clojure, C#, and full-stack development with a strong foundation in TDD, clean code, and SOLID design principles. Background in healthcare demonstrates exceptional collaboration, adaptability, and performance under pressure.

TECHNICAL SKILLS

Java | C# | .NET | Spring Boot | Vue.js | PostgreSQL | HTML | CSS | JavaScript | Git | TDD | JUnit | SQL | REST APIs | Clojure | SpecJ | Docker | GitHub Actions | Agile

PROFESSIONAL EXPERIENCE

Software Developer (promoted from Software Apprentice)

Feb '25 - Jan '26

Clean Coders Studio | Scottsdale, AZ

- Selected for, and completed, rigorous apprenticeship program focused on software craftsmanship under the mentorship of experienced developers and Robert C. Martin (Uncle Bob)
- Contributed production-level code to client projects, implementing features across full stack while maintaining high code quality standards through TDD, SOLID principles, and continuous refactoring
- Collaborated with senior developers on system architecture and design decisions, participating in technical discussions and code reviews to ensure scalable, maintainable solutions
- Owned end-to-end delivery of features from requirements analysis through deployment, coordinating with stakeholders and ensuring quality through comprehensive testing
- Developed and delivered technical training materials and presentations on software craftsmanship principles

Software Development Bootcamp

Mar '24 - Jun '24

- Completed intensive 14-week full-stack bootcamp (700+ hours) focused on designing software systems and solutions, covering fundamentals of Java, databases, web development, and agile methodologies

Registered Nurse

Apr '19 - Jan '25

Shea, HonorHealth | Scottsdale, AZ

- Advanced from telemetry and oncology to critical care in the Cardiac Catheterization Lab
- Collaborated with multidisciplinary teams to provide high-quality interventional care in fast-paced, dynamic environment for diverse patient populations, completing 7+ interventional procedures daily
- Cross-trained in multiple specialized roles to maximize department flexibility, including Scrub and Circulate positions across cardiac catheterization, LVAD implantation, pacemaker insertion, and structural heart interventions
- Demonstrated exceptional adaptability during COVID-19 pandemic by voluntarily taking additional shifts, working in high-acuity areas, and rapidly adopting novel treatment protocols

EDUCATION

Bachelor of Science in Nursing

Dec '18

Arizona State University | Phoenix, AZ

Bachelor of Science in Neurobiology & Physiology

Purdue University | West Lafayette, IN
